

collect_balmorel_input

```
graph TD; A[collect_balmorel_input] --> B[clustering]; B --> C[all];
```

A vertical flowchart with three nodes. The top node is 'collect_balmorel_input' enclosed in a red dashed rounded rectangle. A gray arrow points down to the middle node 'clustering', which is in a green rounded rectangle. Another gray arrow points down to the bottom node 'all', which is in a teal rounded rectangle.
